Re: Case No. 2010-00432
Oldham Woods Sanitation, Inc.

Dear Ms. Martin:

The Public Service Commission acknowledges receipt of your letter of September 8, 2011. The tariff sheet enclosed in that letter correctly states the rate that the Public Service Commission has approved.

The notice that the Public Service Commission directed Oldham Woods Sanitation to publish contained the incorrect rate. This error, however, does not materially affect the Public Service Commission's final action. The publication of notice was solely within the Public Service Commission's discretion. No statute required the publication of notice. The difference between the Commission Staff-recommended rate and the rate contained in the notice was very small and would not have misled any Oldham Woods Sanitation customer. The purpose of the published notice, which was to advise customers that a higher rate was being considered and to afford them the opportunity to comment, was achieved despite the error.

Any questions regarding this letter should be directed to Gerald Wuetcher, Executive Advisor, at (502) 564-3940, Extension 259.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeff Derouen".

Jeff Derouen
Executive Director
